ABOUT ME

*Hi there! I'm Sabelo Ndimande, a multi-award-winning author, entrepreneur, passionate youth advocate, and spiritual leader. I'm the author of the transformational book *Spiritual Detox*. Born in the humble township of Maphumulo, my journey has always been deeply rooted in purpose, service, and community upliftment.*

Over the years, I've had the privilege of serving in various leadership roles — from being the 2021 President of JCI Durban, to Vice President of JCI South Africa in 2024, and currently as a National Trainer. My passion lies in empowering young people through leadership development, entrepreneurship training, and impactful mentorship programmes across schools and communities.

I also mentor youth in leadership, facilitate events, and engage in public speaking and training. I've hosted and led several transformative programmes and initiatives, including the Ubuntu Leadership Workshop, Restore Her Initiative, Youth Heritage and Cultural Exchange, and the 2025 JCI Africa and the Middle East Conference. Each of these platforms allows me to inspire growth, collaboration, and a deeper sense of purpose among participants.

As the founder of the Isabelo Sempumelelo Foundation, I'm committed to restoring hope, promoting spiritual healing, and equipping the next generation of African leaders with the tools for personal and collective success. Through this work, I continue to create spaces where people can rediscover the true essence of African identity — grounded in compassion, connection, and consciousness.

WHY MY PRESENTATIONS MATTER

When individuals, teams, or communities feel stuck in routine — facing the same patterns, same ideas, and same outcomes — I bring a fresh perspective that reignites purpose, passion, and performance.

Rooted in real-life leadership and community impact, my talks blend **authentic stories, spiritual insight, and practical tools** to help people rediscover meaning, drive, and the courage to lead differently.

MY DELIVERY STYLE

I speak with **heart, authenticity, and intention**. My sessions are a dynamic mix of storytelling, humour, and transformation.

Whether addressing business leaders, young people, or faith communities, I deliver powerful, thought-provoking messages that move audiences from reflection to action — leaving them inspired and renewed.

WHAT MAKES ME DIFFERENT

I don't just talk about transformation — I live it. From my journey as a young leader in Maphumulo to serving as President of JCI Durban (2021), Vice President of JCI South Africa (2024), and National Trainer, I bring lived experience in leadership, resilience, and purpose-driven growth.

As the founder of the **Isabelo Sempumelelo Foundation**, I've mentored youth, facilitated leadership and spiritual development programmes, and hosted impactful initiatives such as:

- Ubuntu Leadership Workshop
- Restore Her Initiative
- Youth Heritage & Cultural Exchange
- 2025 JCI Africa and Middle East Conference

My message is grounded in purpose, faith, and authentic leadership — not theory.

WHY BOOK ME

Invite me when your team, organisation, or community needs **a mindset reset, leadership inspiration, or a call to purposeful action**.

I connect deeply with audiences from all walks of life — whether in a corporate boardroom, a youth summit, or a faith-based gathering.

As a speaker, mentor, and facilitator, I bring **energy, empathy, and excellence** — making me a perfect choice for an **opening keynote, youth empowerment session, or conference closer**.
